

March 1, 2016 – March 31, 2016

Rating	Entity	Entity Type	Past Due	% On Time	% Accuracy	Past Due Total
★ ★ ★	ALL BMCC AUTHORIZED PUBLIC SCHOOL ACADEMIES	Board	0	96% (154 of 161)	98% (161 of 165)	0

Epicenter is a tool utilized by Bay Mills Community College Charter Schools Office (BMCSO) to organize and file compliance documents required by state and federal law, as well as BMCSO. Epicenter queues tasks for public school academy and educational service provider users reminding them by email of what document is due and when. Once a document is submitted, Epicenter notifies the appropriate member of the BMCSO team and they review the document, returning it to the submitter if it is inaccurate. Epicenter keeps track of when a document is submitted and whether or not it was submitted accurately. Using these percentages, the BMCSO is able to quickly determine how well an academy is meeting its compliance requirements.
