ACADEMIC PERFORMANCE

The quadrants in the graph below indicate growth targets in reading and math as set forth in the charter contract. Bay Mills Community College Charter School Office recognizes that the 2020-21 school year was unique and challenging given the global pandemic and the subsequent interruptions in learning. An added measure is reflected in the graph to reveal to each school not just where they fell in comparison to the contract target, but also in relation to the other schools authorized by Bay Mills Community College.

Results of the State of Michigan’s annual assessment are not being reported on the Annual Report, as the results are difficult to compare given the wide-ranging participation rates.

The average grade in BMCC schools had nearly a 90% participation rate in NWEA testing. The average grade-level participation at Bradford Academy was at approx. 82%.

The graph reveals Bradford Academy in Quadrant 3, below contractual math and reading growth targets, and below the Bay Mills schools’ average in both math and reading.

- *Academy with a following name has exceeded Bay Mills charter schools’ average math growth for 2020-21.
- *Academy with a following name has exceeded Bay Mills charter schools’ average reading growth for 2020-21.
