ACADEMIC PERFORMANCE

The quadrants in the graph below indicate growth targets in reading and math as set forth in the charter contract. Bay Mills Community College Charter School Office recognizes that the 2020-21 school year was unique and challenging given the global pandemic and the subsequent interruptions in learning. An added measure is reflected in the graph to reveal to each school not just where they fell in comparison to the contract target, but also in relation to the other schools authorized by Bay Mills Community College.

Results of the State of Michigan’s annual assessment are not being reported on the Annual Report, as the results are difficult to compare given the wide-ranging participation rates.

The average grade in BMCC schools had nearly a 90% participation rate in NWEA testing. The average grade-level participation at Presque Isle Academy was below that at approx. 21% in spring.

Average Percentage of Students in Grades 2-10 (as applicable) Meeting NWEA Growth Targets (Data Points represent each of Bay Mills 46 Charter Schools)

The graph reveals Presque Isle Academy in Quadrant 1, meeting contractual math and not meeting reading growth targets. Data limited due to low student participation in fall, winter, and spring NWEA testing.
